MARYVILLE, MISSOURI, MONDAY, JANUARY 22, 1945

Number 8

SENATE SPONSORS NEW HONOR ROLL

Plans Permanent Record of Those in U.S. Service.

The Student Senate of the College is sponsoring the purchase and installing of a permanent Roll of Honor for the men and women of the College who have answered the call to the colors of the United States. Vivian Wilson, president of the Student Government Association, has announced.

The Roll of Honor, which is to be purchased from the National Ronzite Industries, Ltd., will be of walnut, and will be custom built. It is to have three panels, to which others may be added if the need arises. The three panels will hold more than thirteen hundred names.

Individual name plates will be put on the panels. Each name will be stamped on its panel in raised gold letters. The plate itself will be edged in gold leaf. Gold stars will follow the names of those who have lost their lives in the service of their country.

Twelve hundred Ronzite name plates are being ordered along with the panels. The Senate is compiling the list of names to be placed upon them. Miss Wilson asks that everybody on campus study the names that are on the temporary honor roll on second floor in the Administration building and then report any names that are not on that roll. She asks that the names be placed in the box below the temporary honor roll.

"We are afraid that some name will be omitted," said Miss Wilson when she was interviewed. "We must have the help of everybody in the College if the Honor Roll is to be complete. Won't you please urge everybody to help us?"

President Names Committee

President Uel W. Lamkin has named the following persons to constitute the faculty committee on Religious Emphasis Week: Mr. John Rudin, chairman; Mr. W. T. Garrett, Miss Dorothy Truex, Miss Kathryn Franken, Mr. J. Richard Wilmeth.

Miss Vivian Foley, former student of the College, visited the campus Jan. 9. At present she is at home in Weston.

Sgt. Millard Fourt Sees Major Weems in London

Sgt. Millard Fourt, writing from France the first of December, says, "I'm back from the front. Holland was a beautiful country. The people were very friendly and very clean."

Sgt. Fourt says that he met Major Day Weems of the WAC and had a talk with her. He says he also met Wayland Thatch in London. "He went to France," the former student says, "and I went to Holland—hope to meet him again."

MR. A. H. COOPER IS HONORARY COLONEL

Education Teacher Says He Enjoyed Inauguration.

Mr. A. H. Cooper of the education department of the College was an honorary colonel at the inauguration of the Honorable Phil M. Donnelly as governor of Missouri on Jan. 8. Mr. and Mrs. Cooper went to Jefferson City on Jan. 7 and returned Jan. 9.

The 125 colonels wore arm bands and badges and formed a double line on Capital Ave. The outgoing governor and the incoming governor came in an open car between the lines of colonels and were followed by the first ladies of Missouri in another open car. Behind the two cars that led the parade came the colonels, the state guard, a contingent from Jefferson Barracks, military bands from Culver-Stockton and Kemper, school bands, including the colored band from Lincoln University. The parade started at the Mansion, went through the main part of Jefferson City, and ended at the north side of the Capitol where Governor Donnell and the incoming governor took the reviewing platform. Mr. Donnelly took his oath of office at noon on the Rotunda in the Capitol.

Monday afternoon Mr. and Mrs. Cooper attended the governor's reception for the colonels and their wives and military officers at the Mansion. In the evening, the colonels assisted the governor as host to the members of the General Assembly at the Capitol. Later the Grand March and Ball were held. Following this, Mr. and Mrs. Cooper attended a party given by Mr. and Mrs. Hume Duval.

FEBRUARY LECTURES OPEN NEXT SUNDAY

Three of Local Faculty and One Visitor to Speak.

Following a custom of several years' standing, the College is announcing a February series of scholarly lectures on Sunday afternoons at 4:00 o'clock in the Auditorium of the Horace Mann school. This year the first lecture of the series will be given on Jan. 28 and the remaining three on the following Sundays in February.

Dr. J. Richard Wilmeth of the department of the Social Studies will give the first lecture. His subject will be "Full Employment." Dr. Wilmeth will treat the subject not from an economic point of view so much as a social one. Full employment established under the government he thinks may be something revolutionary.

Dr. Irene Mueller of the Biology department will give the lecture on Feb. 4. She will speak on "The Prairie Underground."

The third lecture of the series will be given on Feb. 11 by Mr. Edwin L. Godfrey of the Mathematics department. He will discuss "The Digital Properties of Irrational Numbers."

The visiting lecturer this year will be Dr. Ruth M. Levering from the University of Nebraska. Her topic will be "Nutrition and Anemia."

As usual the lectures will be published by the College and distributed later as the Northwest Missouri State Teachers College Studies.

Sgt. Robert Stephenson Is Awarded Bronze Star

Staff Sgt. Robert Stephenson of the Field Artillery has been awarded the Bronze Star Medal for meritorious service during the period of July 29 to Nov. 29 while participating in military operations in France against the enemy. The citation reads, "He has demonstrated outstanding initiative in making reconnaissance for wire routes and installing wire systems. He has shown unusual aggressiveness, sound judgment and willing determination."

Sgt. Stephenson was a junior at the College when he left in Nov., 1940, with Battery O of the national guard.

THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

ON LEAVING ASSEMBLY

Each of the College classes, the faculty, and the Horace Mann students have a designated place to sit in the Auditorium for assemblies. There is also a regulation that after assembly the faculty is to leave first, the seniors next, the other classes in their order, and the Horace Mann students last. The purpose of the regulations is to have people pass from the Auditorium in an orderly fashion.

The regulations were made by the Student Senate to be followed; and though they have been repeated at assembly, they are not being followed, with the result that aisles are congested, toes stepped on, elbows bumped.

College students should be able to follow regulations without having to be told over and over again or having to be supervised, but since they do not follow rules of their own accord, something should be done. One year, members of the Senate supervised proper seating of the students. It may be necessary for the Senate to do something now that will insure proper seating of students, and above all the avoidance of the present pushing and disorder in leaving.

"I love to teach as a painter loves to paint, as a musician loves to play, as a singer loves to sing, as a strong man rejoices to run a race."

—William Lyon Phelps

Visual and Auditory Aids Are Demonstrated by Class

Six members of the Social Science 100 class, "Teaching the Social Studies in the Secondary School" are doing work on the various uses of visual and auditory aids, newspapers, and all types of community resources in the presentation of interesting lesson materials.

General summaries of the use of these materials have usually been followed by question periods in which students are free to ask questions of the one giving the report or demonstration.

A demonstration lesson has been given using visual aids. A movie has been used and tours of the Administration Building have been made to see various types of maps, models, et cetera.

The students in the class are also preparing resource units, teaching units, and simple lesson plans which are to be left on file in the social science laboratory for the use of future social-science practice teachers. The units are emphasizing the use of community resources.

Bennie Lou Saunders spent the week-end of Jan. 6 at the home of her parents in Bethany.

CALENDAR

Sunday, January 28—
February Lecture, Dr. Wilmeth,
Horace Mann Auditorium—4:00
Monday, January 29—

Game with Warrensburg, Gym—
8:00
Dance after the game, Room 114
Saturday, February 3—
Phi Sig Formal Dance, Country
Club—9:00

World Is Small

A young nurse lieutenant came up to Leslie Somerville on a bus going from San Antonio out to Fort Sam Houston and said, "Didn't you go to the Northwest Missouri State Teachers College at Maryville?" He assured her that he did, but said he did not recognize her. She was Lieutenant Henrietta Keyes, who had just received her commission.

STROLLER

The Stroller seems to have a little brother. Today when he persued The Light, published by the Lineville, Iowa, high school, he noticed that this paper has a Stroller. Interested, the Stroller looked at the masthead and found that the sponsor of the paper is Mrs. Kahla Ford, an alumna of the College.

Miss Dorothy Truex, Mrs. A. C. Krueer, Dr. Julian Aldrich, and Mr. J. M. Porterfield all took tumbles during the icy weather. Dr. Aldrich accounts for the fact that he and Mr. Porterfield were not hurt by the fact that they had more padding.

Dorothy Ellen Masters may have fallen down, too, but somebody else said of her, "No, she's just been using her prayer bones too much."

The Stroller has not been able to find out just who did write that letter to Margaret Aldrich, but he doubts if it came from a faculty member as Margaret feared it did.

The Stroller heard this one: A certain girl, reading a menu for a given day saw "hot cereal" on the breakfast menu. She carefully put wheat biscuits into the cereal dishes, poured boiling water over them, and served them. At least she believed in following orders.

V-12 Student Exhibits His Taos Water-color Sketches

Six water-color paintings on display in one of the cases in the corridor on the second floor of the Administration building are the work of Don Bolen, a student of the Navy V-12 unit. Miss Olive DeLuce, chairman of the Fine Arts department, arranged the display.

A/O Bolen, whose home is at Brooklyn, Ia., had studied art at Drake university before coming here. He did these particular paintings while spending a summer in Taos, N. Mexico. The paintings portray scenes in and around Taos, among them the famous old church of the Penitentes at Ranchos de Taos.

Interest is lent the paintings by their being displayed in the case along with an exhibit of the evolution of corn, many of the items of which are Indian and from somewhat the same section of the country depicted in the paintings.

Miss Emily Gillett, a graduate of the College, has been working, since September, for the Socony-Vacuum Oil Refinery in St. Louis. "We work chiefly with butane gases and gasoline," she says. "I find it very hard, as it is a man's job; but it is also very interesting."

Betty Ferguson, Arduis Gaffney, Lois Bunch, Virginia Dickey, Esther Miller, and Lola Klopp went to Bedford, Iowa, Jan. 12 to spend the week-end at Miss Klopp's home.

National President Speaks When Fraternity Initiates

Climaxing eight weeks of pledging, men who had pledged Alpha Phi Omega were given their formal initiation on Jan. 13 at the Maryville country club.

After the initiation ritual had been performed, with H. Roe Bartle, national president of the service fraternity, and Sidney B. North, national secretary, present, the formal banquet was served, at which time Mr. Bartle addressed the fraternity brothers, the faculty advisers, and the honorary members.

Service Fraternity Here Celebrates Anniversary

Alpha Phi Omega's anniversary was celebrated by Beta Upsilon chapter on Dec. 16 with a dinner dance at the Maryville country club. The theme carried out in the dances and the decorations was a blending of the Christmas idea and the ideals of Alpha Phi Omega. A blue and silver color scheme was used.

Among the hundred people who attended were President and Mrs. Uel W. Lamkin, Dean and Mrs. J. W. Jones, Dr. and Mrs. John Harr, Mr. and Mrs. H. R. Dieterich, Dr. and Mrs. J. R. Wilmeth, Mr. and Mrs. Ralph Hartzell, Mr. and Mrs. Henry Blanchard, Lieut. and Mrs. E. O. Olson, and Lieut. and Mrs. Clarence Nystrom.

Les Novak's orchestra furnished the music for the evening.

COLLEGE WEDDINGS

Pemberton-Smith

Miss Genella Pemberton of Cameron was married to Lieut. Francis C. Smith of Columbus, Ga., Jan. 21 at the home of her parents. She resigned her position at Crane so that she might go with him to Barksdale Field, La., where Lieut. Smith is stationed. Mrs. Smith is a graduate of the College.

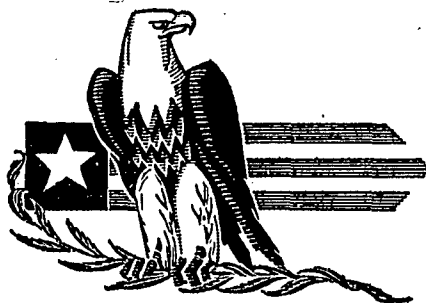

Hendrix-Rosenthal

Miss Virginia Hendrix and Edward Rosenthal, Jr., of Savannah were married Christmas Eve in the Methodist Church at Troy, Kans. He is a former student of the College.

Engagement Announced

The engagement of Kathryn Ann Stewart of Hamburg, Iowa, to Lieut. Frank Drury Lane of St. Joseph has been announced by Miss Stewart's parents. She is a former student of the College.

Miss Mona Alexander of Shenandoah, Iowa, visited the College Jan. 10. She had to drop out of college this semester because of ill health, but is coming back in March.

THOSE IN THE
SERVICE OF

Our Country

Miss McGinnis, Hostess at Army Field, Busy Woman

Miss Beverly McGinnis, a former student, has been cafeteria hostess at the Lake Charles Army Air Field, Lake Charles, La. She writes that work here is vastly different from teaching home economics or being a hospital dietitian.

The work of Miss McGinnis consists in planning menus for the clubs on the field, making out commissary requisitions, buying food from downtown stores, being in charge of personnel in the various clubs, planning and supervising the preparation of food for any special occasion, recommending prices to be charged for food, and acting as hostess. Besides, she also assists the chaplain, listens to the troubles of the boys about to be shipped out to foreign service, and makes herself generally useful.

Marine Captain Is College Alumna, Miss Jean Patrick

Captain Jean J. Patrick of the Marines, an alumna of the College, has recently reported for duty at the Supply Depot, Camp Elliott, San Diego, Calif., as commanding officer of the Women's Reserve Company.

Captain Patrick, who is the daughter of Mr. and Mrs. F. E. Patrick, Bethany, majored in English and history at the College and was prominent in debate, dramatics, publications, and student government activities. She was a member of Alpha Sigma Alpha sorority. She took the M.A. degree from Northwestern university, Evanston, Ill., in 1941.

Before her enlistment in the Marine Corps Women's Reserve Corps in February of 1943, Captain Patrick was employed in Webster Groves junior high school.

She has been stationed previously in the Procurement Office, St. Louis; Reserve Officers' Class, Camp Lejeune, N. C.; and Training Command, Camp Pendleton, where she was assigned to duty as custodian of registered publications.

Cpl. Lloyd McClurg, who is with a bomber squadron, has landed in the Marianas Islands. He is a former student of the College.

Ensign Writes of Zoology Specimens Seen in Pacific

Ensign Curtis Chambers is having the opportunity to continue his interest in biology. He is on a ship in the South Pacific and writes to Mr. W. T. Garrett:

"I have seen a number of items of zoological interest, my first flying fish, for instance. You know I was always a little skeptical about their flying ability, but they do quite well, about 25 knots at least, I'd guess—Some say they flap their wings, and others say they don't. I've spotted them with binoculars, but I haven't been able to detect any vibration. They do change their direction though.

"I saw my first Portuguese Man-of-War between Hawaii and San Francisco. We steamed through acres and acres of them scattered all over the water about 3 feet apart. They appeared to be about 3 inches long and looked just like the pictures we see. We couldn't see the tentacles, though. As we plowed through them we broke some of their bubbles, and they fell back into the water like punctured balloons and seemed to exude a bluish pigment."

"I'm looking for my next shore leave in Manila," says Ensign Chambers from the baby flat top, on which he says he is near the deepest water in the world, "Just watch the headlines—I'll be there!"

Photo Shows Lieut. Kyle Enroute to Pearl Harbor

Lieut. (j.g.) Margaret Kyle of Graham is one of the first WAVES to arrive at Pearl Harbor, according to the caption on an Associated Press photograph which appeared in the Maryville Daily Forum of Jan. 11. The photo showed Lieut. Kyle and another WAVE lieutenant unpacking in their stateroom aboard a navy transport which took the first contingent of WAVES to Pearl Harbor. They arrived in Hawaii on Jan. 6.

Lieut. Kyle was graduated from the College in 1940 with majors in speech and social science.

Ensign Roger Wilson was a visitor at the College recently. He was a V-12 student at the College from Tarkio and has been training at Cornell University.

PARK COLLEGE TEAM TROUNCES BEARCATS

Score for Park Goes Up by Fast Plays at End.

Maryville Bearcat netters suffered the second loss of the season Friday night, Jan. 5, when an all-Navy V-12 Park College quintet defeated them 27 to 20, in the local gymnasium. With only a few minutes left to play and the score tied at 16-all, a series of fast plays put Park in the undisputed lead. Baskets by Niewald, Elliott, Moulder, and Kernsten clinched their victory.

The Bearcats, playing without Corken, were the smaller team and had a great deal of difficulty in making their shots count. Lee Rensberger, Bearcat forward, fought hard to score on his 1-hand shots, but failed with most of them. Bill Steck, speedy Bearcat guard, led the scoring with an 8-point total on 3 field goals and 2 free throws.

During the half period, members of Barkatze entertained the fans with gymnastics.

Box Score

Park, 27	G	FT	F
Niewald	4	1	2
Kernsten	1	1	3
Veenstra	0	1	3
Elliott	4	3	0
Hyons	0	1	2
Moulder	1	0	0

Officials—O'Sullivan and Hess.

Robert Bradley, a freshman at the College from Bedford, Iowa, enlisted in the U.S. Navy, Dec. 29, and is now in training at Great Lakes.

Dwight Perkins from Bedford, Ia., and a freshman at the College leaves today to enter the army.

Miss Doris Bristol, who has received her discharge from the WASP (Women's Airforce Service Pilots), has been visiting her parents in Maryville.

"A Hole to Put the Gym In!" Says Francis Cummins, Jr.

Two old college classmates got together for reminiscence recently when Mr. Lon Wilson of the College faculty met Sgt. Francis Cummins, Jr., on leave from active war service to visit his father in Maryville. These two men had taken vocational training under Mr. C. B. Partch.

"Doc (the campus name for Sgt. Cummins) helped lay out the gym," said Mr. Wilson. "I saw him one day with Mr. Brink going out across the campus. I yelled, 'Hey, what are you looking for?' Doc's answer was, 'A big hole to put the gym in!'"

Sgt. Cummins served in World War I. When War II came along, the former student went with the Marines to the South Pacific. He is in the Post Office department.

SECOND DECK PORT LEADS INTRAMURALS

Individual Scoring List Is Headed by M. Galter.

Second Deck Port has taken the undisputed lead in the intramural basketball play, as a result of the third round of play, Thursday, Jan. 5, in Horace Mann gymnasium. First Deck Starboard fell prey to the leaders and went down in defeat 20 to 18. Freeman scored 7 points to pace the winners, while Wylie gathered 7 for the losers.

First Port downed Third Port, 32 to 25, leaving Third Port in the cellar position with no wins and three losses. First Port is tied with Second Starboard for fourth position. In a hard-fought battle Second Starboard rallied in the final quarter to defeat the heretofore unbeaten Third Starboard quintet, 34 to 33. Galter, shifty second starboard netter, accounted for 15 of the winners points.

Galter is leading the individual scoring list with a 3-game total of 35 points. Running a close second is Freeman with 30 points. Wells, Wylie, Guindon, Naxera and Klostergard are tied for third position with 21 points each. Forss has 20 points.

Team Standings

	Won	Lost
Second Port	3	0
First Starboard	2	1
Third Starboard	2	1
First Port	1	2
Second Starboard	1	2
Third Port	0	3

Opl. John P. Campbell, former student of the College from Tarkio, is a fabric specialist with a depot repair squadron of a troop carrier wing in the European theater of operations.

Alumna From Puerto Rico Longs to Visit Alma Mater

Miss Margarita Collazo-Felix, who was a student at the College from Caguas, Puerto Rico, writes to Miss Dorothy Truex that she is teaching at Caguas High School. She says that she meets many men from the United States at army posts near her home and especially enjoys meeting those from Missouri.

By the Northwest Missourian Miss Collazo-Felix keeps up on the changes at the College. "I am very proud of my Alma Mater" she writes; she says she is looking forward to the time when she may visit the College. The former student remembers the birches "as a symbol of the beautiful college days."

Miss Collazo-Felix took her degree from the College in 1940 with a major in English.

Apples in Paris Sell at \$1.15 Says Paul Carson

"The women (of Paris) dress better, apply their make-up better, and take better care of their hair," writes Paul Carson from France, but hastens to add, "But American girls are prettier and healthier looking."

Cpl. Carson mentions the effects of inflation in Paris: a peach costs 60 cents, an apple \$1.15. He has seen many historical places in Paris, which he visited while on leave.

Phyllis Jean Moore spent Jan. 6-7 with her parents.
